

## PRESS RELEASE

### OIL&NONOIL VERONA

#### Veronafiere reschedules Oil&nonOil from 21 to 23 October 2020

**Verona, 25 March 2020.** New dates for Oil&nonOil, the trade fair organized by Veronafiere dedicated to energy, fuels and mobility services, which moves ahead of one day on the calendar. It will take place in Verona **from 21 to 23 October 2020**, in conjunction with SaMoTer and Asphaltica (21-25 October), exhibitions dedicated to the construction equipment and the bitumen and road infrastructure sector.

*“The evolution of the health emergency linked to the new SARS-CoV-2 coronavirus has made it necessary to **rearrange the calendar of all the exhibitions in our portfolio**. We believe that the co-presence of SaMoTer can develop important synergies for the two sectors, aiming to strengthen the identity of Oil&nonOil not only as a commercial event, but also as a place of discussion on the transformations taking place in the market, especially linked to technological innovations and new sources of energy, thanks to a rich program of conferences and workshops”* said Flavio Innocenzi, sales director of Veronafiere S.p.A.

The new dates have been shared with the trade associations that have contributed in making the edition taking place in Verona, together with the one that alternates from year to year in Rome at Palazzo dei Congressi, the only Italian event in the **supply chain of liquid and gaseous fuels, from the deposit to the tank**.
