Oil&nonOil is the only event in Italy dedicated to the supply chain of liquid and gaseous fuels, from the deposit to the tank.

Oil company executives, independent operators, service station owners, representatives of associations, industry suppliers, hauliers and car wash professionals, all regard this exhibition, this year being held for the 16th time, as a fundamental opportunity to enrich and lend impetus to their activities, as well as learn more about the political and regulatory issues that are determining the future direction of fuel distribution.

A new full-scale reference hub for the future of smart roads will make its debut in 2021. The **contemporary scheduling in synergy of the next editions of Asphaltica and Oil&nonOil**, both landmarks in their respective sectors, are on the calendar for the first time in Verona with the aim of creating new synergies and expanding and completing the product offering.

Are you interested in exhibiting at oil&nonoil?

If you are interested in exhibiting or wish to receive more information about the show, please fill out a short enquiry form:

> EXHIBITOR PRE-REGISTRATION

You will receive your personal login and password to enter the new exhibitors' exclusive area, where you can check the exhibit space rates and submit your participation request.

The exhibitors' exclusive area includes all the information needed to manage at best your company's attendance.

At the first access you will be asked to choose a personal password. Remember to keep it safe for future access.

Need help?

Marco Battocchia (+39 045 8298 317) and Patrizia Piu (+39 045 8298 199) are glad to assist.
